

+ WORK RELATED LEARNING

Work-related learning experiences increase the pupils' motivation to learn and develop key employability skills. They also enhance their self-awareness, develop their career exploration, career planning skills and help them make informed decisions about their future education, training or employment pathway. Experience of the world of work can make a major contribution to our pupils' preparation for adult and working life.

Work-Related Learning is provided for pupils in Dalriada School through:

- Work Experience (face to face & online)
- Industrial Visits
- Enterprise Activities
- Mock-Interviews
- Work-based Assignments
